

KRISSADA WANNAWANNA

krisvanna.official@gmail.com | 083-323-4323 | Lamphun, Thailand

SUMMARY

VFX artist specializing in camera matchmoving and rotomation, with hands-on experience contributing to Hollywood-scale productions at a professional post-production studio. Grounded in core 3D disciplines modeling, UV unwrapping, texturing, animation, lighting, and simulation with the ability to integrate into both creative and technical pipelines. Brings a strong eye for precision, a track record of delivering client-ready work under production deadlines, and the drive to grow within a fast-paced studio environment.

EDUCATION

2022 - 2026	Bachelor of Science Program in Multimedia Technology and Animation Mae Fah Luang University, GPAX : 3.57 (Graduated)
2019 - 2021	Program of English and Art Chakkham Khanathon School, Lamphun

WORK EXPERIENCE

• YANNIX (Short-term Contract)

Bangkok, Thailand

May 2026 - June 2026

Position : Production Operator (Camera Matchmove)

Contributed to Hollywood-scale film productions both released titles and upcoming projects as part of a professional VFX pipeline. Responsible for camera tracking and matchmoving tasks, performing 2D feature tracking to support camera solves and accurately reconstructing camera movement and positioning in 3D environments to meet broadcast and theatrical delivery standards.

• YANNIX (Internship Student)

Bangkok, Thailand

Jan 2026 - April 2026

Position : Production Operator (Rotomation Artist)

Worked on multiple international film productions across various stages of post-production, including titles currently in release and projects yet to be announced. Responsible for rotomating characters, creatures, and hard-surface objects by recreating accurate motion from live-action footage, with a focus on realistic animation principles, precise motion matching, and delivering client-ready assets that meet studio-level quality standards.

ACTIVITIES

• JIWC 2024 Augmented Reality & Virtual Reality Project Competition

Chiang Rai, Thailand

Winner and International Finalist, JIWC 2024 Augmented Reality & Virtual Reality Project Competition

Developed an augmented reality (AR) project featuring Instagram filters inspired by the cultural identities of Thailand's four regions. Integrated distinctive cultural elements and visual designs to promote Thai heritage through social media, enabling users to interact with and experience local culture through their personal mobile devices.

• TEACHING ASSISTANT

Chiang Rai, Thailand

Assisted instructors in teaching and mentoring junior students across **3D Texturing, Lighting & Rendering**, and **3D Animation courses**. Provided support on core concepts, production techniques, and industry-standard workflows, while resolving basic technical and software-related issues to enhance the learning experience.

SKILLS

3D & VFX Software: Maya, Houdini, Blender, ZBrush, Substance Painter

3D Production: Modeling, Animation, Lighting, and Simulation

VFX Specialization: Matchmoving, Camera Tracking, Rotomation

Creative: Graphic Design, Video Editing, Content Creation, Storytelling

Languages: Thai (Native) , English (Conversational)
